↳ DJ Mempichi's Senior Sign-off

I'm at my senior sign-off and feeling immense gratitude for the amazing community that KVRX has given me throughout my time in college. Never thought I would find a group of people who love music as much as I do, and more importantly, people who love creating a community around it. Thank you to the music department ('22-23 + '23-24) for the chance to be a music intern and then director. These experiences have really changed ~~from~~ me for the better and I don't think I can express how thankful I am. I will carry the love I have for this place with me everywhere I go and I'll tell everyone that I was a college radio DJ in ~~high school~~ college LOL. Okay this is fanboy getting cringe now, but seriously love KVRX forever and I'm so excited to see how the station keeps evolving. My future doctor money (give it 10-12 years) will always go to this station <3.
